THE UNIVERSITY        OF HONG KONG

*Department of Mathematics*

# COLLOQUIUM

# How Algebras Grow

## Professor Efim Zelmanov

Rita L. Atkinson Professor
University of California, San Diego
and
Distinguished Visiting Professor, HKU

## December 16, 2009 (Wednesday)

## 4:00 – 5:00pm

## Room 210, Run Run Shaw Bldg., HKU

Professor Efim Zelmanov, recipient of the Fields Medal 1994, is one of the top
mathematicians in the world, and he specializes on combinatorial non-associative
algebra and group theory. This lecture will be accessible to undergraduates and
postgraduates in mathematics.

*All are welcome*
