

## How to get to HKU from the Airport?

- (By MTR: Airport – Hong Kong Station – Central Station – HKU Station)  
At Hong Kong International Airport, the easiest way to get to the city is by the **Airport Express** train at the arrival terminal. At Hong Kong station, follow the sign in the MTR station to walk to **Central station**, take the train in **Island Line** and get off at **HKU station**. The two stations are connected by underground tunnels and automated walkways. If you want to go to the main campus, you go to **Exit A** and take the lift to **Exit A2**. The whole journey to HKU will take about **45 minutes** and costs about **HKD120**.

- (By Taxi: Airport - HKU)  
Another way from the airport to HKU is by taxi, which will take about **35 minutes** and cost about **HKD350**. Note that drivers take cash only (rather than credit cards) and you should take **RED** taxis, available at Airport Taxi Station.
